

Navigating Technology with Eyes of Faith

a timely workshop for Parents, Grandparents and Teens

Parent groups and youth groups

- what kids/teens need to know about personal safety
- how to keep kids/teens safe on the Internet
- how new laws on sexting affect juveniles
- how can parents help teens manage their online reputations
- how to spot and stop cyber bullying

Fact: The Center for Missing and Exploited Children “Cyber Tip Line” gets 1,500 reports a week. At least 90 percent involve online activity.

We cannot ignore this aspect of child and adolescent safety.
